SUMMARY

Computer Science graduate and current Data Analyst Intern with hands-on experience in data cleaning, exploratory data analysis (EDA), and dashboard development using SQL, Python (Pandas, NumPy), Power BI, Tableau, and Excel. Built end-to-end analytics projects using real-world datasets, covering data cleaning, ETL, DAX-based reporting, and interactive data visualization. Currently pursuing an M.Tech in Computer Science and Engineering and seeking an entry-level Data Analyst role.

TECHNICAL SKILLS

Programming & Querying: SQL, Python (Pandas, NumPy, Matplotlib, Seaborn)

BI & Visualization: Power BI (DAX, Power Query), Tableau, Microsoft Excel

Databases & Cloud: Microsoft SQL Server, MySQL, Google BigQuery, Microsoft Azure | Version Control: Git, GitHub

Analytics Techniques: Data Cleaning, Data Transformation, ETL, Exploratory Data Analysis (EDA), Data Modeling, KPI Analysis, Data Validation

Business Skills: Business Intelligence, Dashboard Development, Reporting, Data Interpretation, Data Presentation

PROJECTS

House Market Data Analysis | SQL, Google BigQuery, Power BI, DAX

[GitHub](#)

- Analyzed a 100,000-row housing dataset using Google BigQuery and SQL to evaluate sales, pricing, regional, and property-type trends.
- Developed interactive Power BI dashboards with time-based DAX calculations, dynamic filtering, and KPI analysis to evaluate housing market performance.

Elite Attire Sales Data Analysis | SQL Server, Azure, Power Query, Power BI

[GitHub](#)

- Performed end-to-end sales and pricing analysis on a 1,428-row apparel dataset, building an ETL workflow that extracted data from Microsoft SQL Server on Azure and transformed it in Power Query.
- Built interactive Power BI dashboards to analyze brand performance, pricing, discounts, product variety, and profitability metrics.

Insurance Claim Analytics | Power BI, DAX

[GitHub](#)

- Developed an interactive Power BI dashboard analyzing 10,000 insurance policy records, covering claims, coverage, policy status, and customer demographics.
- Implemented Row-Level Security (RLS) to restrict regional claim visibility, built DAX measures to calculate total policy data, average coverage values, and claim approval ratios, and used Power BI's Key Influencers and Q&A AI visuals to analyze customer feedback sentiment.

Student Depression & Mental Health Analysis | SQL, Tableau

[GitHub](#)

- Performed exploratory data analysis on a student survey dataset using SQL and Tableau to examine study hours, sleep duration, study satisfaction, academic pressure, and financial stress.
- Designed an interactive Tableau dashboard identifying the highest-concentration bands for each factor, including 128 students reporting 7-8 hours of sleep, Study Satisfaction level 4 (116 students), Academic Pressure level 3 (125 students), and Financial Stress level 1 (110 students).

WORK EXPERIENCE

Data Analyst Intern

Sep 2026 – Present

SkillCraft Technology, India

- Cleaned and validated the Global Superstore dataset (51,290 rows, 24 columns) using Python (Pandas), achieving zero missing values, zero duplicate rows, and zero negative shipping days to ensure data accuracy for analysis.
- Built a Sales Dashboard in Excel and an interactive dashboard in Power BI using Power Query and DAX to track key business metrics and visualize sales trends.
- Performed exploratory data analysis (EDA) using Python (Pandas) to generate marketing business insights.

Additional Internships – Software & Web Development

Oct 2025 – Dec 2025

Bluestock Fintech (SDE Intern) • Vaidsys Technologies (Full-Stack Intern) • Uptricks Services (Front-End Intern) • Suvridha Foundation (Technical Intern), India

- Developed responsive web interfaces using HTML, CSS, JavaScript, and Bootstrap, and contributed to full-stack and software development tasks across frontend, backend, and database components.

EDUCATION

M.Tech in Computer Science and Engineering

Sep 2026 – Present

Sir Chhotu Ram Institute of Engineering & Technology (SRIET), Meerut, India

B.Tech in Computer Science

Nov 2022 – Aug 2026

JSS Academy of Technical Education, Noida, India
